December 31, 2024

It is my honor to present the 2024 Report on Expedited Licensure Review for Military Service Members and Spouses (“Report”), prepared and issued by the Illinois Department of Financial and Professional Regulation (“Department”) pursuant to Public Act 101-240 (“Act”).

The Department is proud to continue effectively implementing our tailored licensure method specifically for service members and their spouses stationed in Illinois. In alignment with Section 19 of the federal Veterans Auto and Education Improvement Act of 2022 (H.R. 7939), our Military Portability method significantly streamlines the licensure process by reducing application requirements for military applicants.

I am pleased to report that in 2024, the Department successfully supported approximately 1,170 Military service members, their spouses, and veterans in obtaining Illinois professional licenses. Our licensing team has worked tirelessly to assist military families transitioning to Illinois, and this commitment will continue in the coming year.

We deeply value the sacrifices made by military service members and their families. It is our responsibility to ensure that qualified applicants can seamlessly transition into their chosen profession in Illinois, equipped with the resources they need to succeed. To the brave members of the armed forces and their families: thank you for your service, and welcome to the great state of Illinois.
